RE: MB Docket No. 10-56

Dear Chairman Genachowski and Commissioners:

I am writing to you to express my confidence in the partnership between NBC and Comcast. Comcast has been an active community partner in the North Fulton community for many years, and as the President & CEO for the Greater North Fulton Chamber of Commerce, I have had the privilege of working with Comcast as the company has strived to contribute economically and socially to our area.

Comcast is an economic anchor in North Fulton, employing more than 1,000 people in three different facilities. Comcast has also invested in our area, completing its high-speed broadband rollout in North Fulton in 2009 and, in the process, bringing our area broadband infrastructure vital for 21st Century economic development.

Comcast is a long-time sponsor of community events in our area like the Taste of Alpharetta, the American Cancer Society's Relay for Life and numerous Chamber events. Comcast employees have also given their time on Comcast Cares Day at community service projects at the Alpharetta Community Garden in 2009 and Alpharetta High School in 2010. Comcast executive Andy Macke has led our Chamber's Education Committee for four years and we're honored to have him become our Board Chairman next year.

As Comcast has grown over the years, it has stayed true to its roots as a small business, investing in communities and putting customers first. I look forward to Comcast continuing to contribute to our community as it joins with NBC.

Sincerely,

Brandon Beach
President & CEO
